Dear Parents, Carers and Children,

RE: Forest School update

We are proud to be able to offer Forest School sessions for children at Singlewell Primary. I am qualified as a Level 3 Forest School Leader and have been leading Forest School Sessions at Singlewell for two years. I am committed to providing an enriching experience by interacting with nature and exposing children to adventure and skill building. Children will be closely supervised while taking part in purposeful activities and learning necessary life skills such as; using sharp tools safely and carefully lighting and maintaining a controlled fire. Activities will also include problem solving e.g.: den building, rope trails, stick tepees and woodland craft which will enable them to learn about themselves, their peers and the wider world.

It is essential that the children display sensible behaviour and obedience in order to participate safely. Any child who does not follow all of the safety instructions will not be able to participate in future Forest School lessons.

At Singlewell, we are passionate about the opportunities that Forest School provides your children to develop their social, emotional and mental wellbeing and support their confidence, which will enhance their class based learning. I will be running two groups of 15 children with Year 2 Lionfish on the following dates:

Wednesday 8th January

Wednesday 15th January

Wednesday 29th January

Wednesday 5th February

Wednesday 12th February

Please see the recommended kit list sent as a separate notification on the app, the children will need to bring suitable attire for the weather.

I look forward to an adventurous term ahead at Forest School.

Kind regards,
Mrs Shaw

Forest School Lead
